## WE DID IT!

### 2014 SFC Pavement Improvement Project

Please go to [www.sfcabrini.org](http://www.sfcabrini.org) to see pictures of the initial, ongoing, and final stages of our major Pavement Improvement Project of St. Frances Cabrini new and improved blacktop. The project was performed rapidly and professionally by J.J. Albanese & Sons Concrete and Paving. Through the financial generosity of our parishioners, here's what we've accomplished:

The basketball courts have been resurfaced; pot holes ground out and resurfaced. Several other damaged sections of our 200,000 square feet of paved areas have similarly been repaired. Storm drain boxes have been dug out and repaired. Several French drains were created and installed, including one to properly drain the area behind the K and PK classrooms. For a while this drain under construction looked like the Pre-K students were going to enjoy a wading pool, but now pavers have been installed and our seasonal pond by the Pre-K playground will be no more. Another storm drain has been installed approximately in the center of the primary grade's play yard to properly drain the area.

A sturdy concrete pad now exists at the Camden driveway aside Cabrini Hall. This area will now handle the heavy garbage trucks repetitively servicing our garbage and recycling dumpsters without breaking down as did the blacktop that was previously located there.

The frontal area of our school facing the northerly parking lot now sports newly curbed landscaping to beautify our school buildings. The area between the Gymboree play yard and the 3<sup>rd</sup> and 4<sup>th</sup> grade classrooms has been dug out and refurbished with landscaping and sidewalks.

And last but not least, the entire parish plant site parking and all school black top surface areas are now properly surfaced with a new coat of slurry to preserve the paving material along with beautifying our parish property; all this along with those substantially unseen play and eating areas behind our SFC school. This project is complete with newly painted parking slots, designated school play areas and school track and field games. The games' markings will be somewhat different from before, in part based on inputs from the students of the parochial school. Please go to Photo Gallery under Quick Links to the right, on the Home Page at [www.sfcabrini.org](http://www.sfcabrini.org) to see all of the progress in action!

### Catholic Charities Day Break Home Care

As the senior population increases so does the need for resources. One resource focusing on keeping loved ones in their home is non-medical home care services. Recognizing the growing need and the fragility of older adults, Catholic Charities has developed the Day Break Home Care program. The program allows seniors and disabled adults to remain in their own homes with trained and certified caregivers. Day Break Home Care assists with personal care, transportation, meal prep, appointments, and light housekeeping. We encourage our caregivers to establish a strong bond and **relationship; consistency** is key to a successful home care experience. **It is important to have** trustworthy helping hands while remaining safe and independent in the comfort of their own homes. We understand the variables and challenge that often occur with an aging adult and we understand the uniqueness of each person. Our goal is to provide exceptional services and the reassurance people you trust are caring for people you love. **For more information on Day Break Home Care, please contact us at 408-325-5176 or visit us at our website, www.DayBreakCares.org.**

### GIVING OF ONESELF

Scientists have recently begun to discuss the idea that the primary force behind all life in the universe is self-gift. This is how everything from galaxies to human babies are born and sustained. If we read the opening of today's passage from Isaiah correctly, we see that he anticipated twentieth-century scientists by over twenty five hundred years. Using the self-giving example of the rain and snow clouds that water the earth that then yields fruit, which in turn is given over to nourish creatures, Isaiah leads us to understand that the primary force behind all life is the word of God. The ultimate giving of that word, we believe, was Jesus Christ, who, in the greatest revelation of divine love, gave of himself on the cross. To what degree are we in touch with that self-giving God in whose image we are made? To what extent do we really follow the self-giving example of Christ into whose death and resurrection we were baptized, whose ultimate self-gift we celebrate every week in the Eucharist? With God's help, our lives can be like Isaiah's rain and snow, and we will not return to heaven until we have done our part to make the earth fruitful.— Copyright © J. S. Paluch Co
